About Us

PSR PINNAACLE CLASSES has been established in the year 2017 to take forward the Vision of Mr. S.Sairam [known with affection as PSR Sir by students, faculty and others with interest in Passion as a means for Educational Achievement]. It involves bringing students up to excellent standard of knowledge, skill and application; make them achieve high competitiveness to achieve laurels in exams like NEET, IIT (JEE), ISI, IISER Etc. and make them cross the first portals towards a rewarding career in Scientific Fields. For PSR Sir, it has been a long journey of more than 27 years... of serving students to make them achieve highest academic standards. We imbibe the core values set forth and practiced by PSR sir: Be passionate about what you do; Like It; Inculcate a spirit of constant query and search within the student; make him/her a confident and self-believing individual.

Our faculty are the pride of our Institution. They are Young in Spirit, Old in wisdom; Excellent in Academics; Diverse in qualification and background, yet united in guiding students to pinnacles; experienced in making students achieve in Premier Examinations like NEET, IIT(JEE), IIIT, IISER, IISS etc.; having a proven track record with a plethora of top rankers year after year; above all, sensitive to the needs of every young mind, which is not alike; work towards our motto:

OUR HALL OF FAME OVER THE YEARS!!

IITJEE TOPPERS (IITians)

Some of our NITians and IITians...

Gokulasvar M Mechanical engg. (IIT Madras)

I'm Gokulasvar M an IITian from my proud PSR Pinnaacle Classes, without any foundation upto 10th standard. My dream wouldn't be completed without pinnaacle .Here I wish to share my humble experience to the IIT aspirants .I joined 2 year integrated program with PSR Pinnaacle Classes.The beginning of the journey was the most difficult as I did not have any basic foundation and it required me to stay positive and push my limits to compete with the toppers. Slowly I developed the pace and began to perform well in the academics. Faculties here are knowledgably, supportive, motivational and have greatly assisted me in the path towards IIT, provided vast materials, conducted more the 100 WPTs and 50 GTs, discussed every paper and cleared all our doubts. The materials and archives are very competitive with challenging and tricky questions to solve. Exams conducted here were of similar difficulty level to that of the final exams and were very helpful in managing time and tracking negative marks. Individual performance graphs were maintained and were sent to us which helped me analyze my weakness and work on it. I attribute my success to PSR Pinnaacle Classes ,friends and my family.

Our hall of fame over the years!!

Strive on, History is full of instances where in victory would have been to the vanquished, if only they had battled a little longer. We often fall because of lack of perseverance in our efforts. We leave our work half done in our impatience. Every job demands its quota of efforts. Never give up too soon. Strive on until you win. That's what you need to do from your side at PSR Pinnaacle Classes to break into Top Medical Colleges and that's what you will require to do in the Medical college itself. You need not worry about anything else at Resonance. You will not find such brilliant teachers anywhere, not even in the Medical Colleges. The guidance and the teaching methodology are simple great. Learning here is so much fun, even the most boring of the topics appear to be interesting. The tests are rigorous. There were times when I just got frustrated when I didn't score well in them, but I just continued with my work, as I had learnt here. And the rest is history. The days I spent there were the best part of my life. I really wish I could be back there.
